AADHAR CARD

- Based on discussions with RGI (Registrar General of India) regarding Aadhar enrolments in NPR states for the trainees getting enrolled under STAR scheme, RGI has requested NSDC to provide them the details of all the trainees in the prescribed format.
- SSC have circulate the format to all the Training Partners (affiliated) and who have operations in NPR states.
- SSC have facilitated the consolidation of the data in format. Modality of capturing the Biometric Enrolments shall be worked out with NPR once NSDC receive the details.
- This is important as RGI (Registrar General of India) mentions that most of the candidates have already been covered by their teams in the initial phase.
