

High Quality Training in Smartphone Repair

The Telecom Sector Skill Council (TSSC) recognizes Britco & Bridco as a distinguished provider of high-quality training in smartphone repair. Their comprehensive training program covers a wide range of topics, including hardware and software troubleshooting, repair techniques, and customer service.

Designed to equip students with the necessary knowledge and skills, the program enables them to diagnose and repair common smartphone and tablet issues, such as broken screens, faulty charging ports, and software malfunctions.

Britco & Bridco's team of expert instructors ensures personalized attention and support, providing students with a top-tier training experience. With hands-on training, real-world scenarios, and access to cutting-edge technology, their smartphone repair program serves as an excellent gateway into this dynamic and growing industry.

As an academic partner, industry member, and training partner of TSSC, Britco & Bridco holds a distinguished position in the field. Notably, it is the sole academic partner of TSSC from Kerala.

Training Program
